

BOYCOTT, DIVESTMENT, SANCTIONS

A tool in the struggle for Palestinian rights?

The movement for a campaign of Boycott, Divestment and Sanctions (BDS) against Israel until it complies with international law and Palestinian rights was initiated by Palestinian civil society in 2005. The campaign has been growing with time and has become a global phenomenon. Supporters of the BDS campaign underline its non-violent character and its effectiveness. Voices opposing the BDS campaign range from those questioning its usefulness to those branding it as extremist and anti-Semitic.
